Life, Liberty, and the Pursuit of Happiness - three ideals that sparked a revolution and promised a future based on the Rule of Law. Join the U.S. Courts and the Judicial Learning Center to explore how the grievances against a faraway king were transformed into the rights and protections we enjoy today, particularly those involving the judicial branch.

This workshop is designed for high school and middle school social studies teachers, and is appropriate for both government and history courses.

This event is FREE, but space is limited. Registration is required so that parking, meals, and materials can be provided at no cost to participants.

Please register early!
